

Option

## Standard Features

- Nozzle Type Sealing Machine.
- Suitable For Namkeen, Dry-Fruit, Etc.
- Design Suitable For Pre-Made Pouch.
- Specially Design For Modified Atmosphere Packaging.
- Residual Oxygen Content <3% in The Pouch Product.
- Mitsubishi (japan) Plc Based Control With 4-line Lcd Display, Adjustable Vacuum Time, Sealing Time, Etc.
- Stainless Steel Body, No Sharp Edges , Use Cast Aluminium & Other Nonferrous Materials To Safe Rust Issue And Easy Cleaning.

## Optional Features

- Insert Gas Flushing Unit.
- BUSCH (Germany) Vacuum Pump.

## Technical Specifications

(All Figures are in mm)

| MACHINE MODEL             | VNM-330 I                      |
|---------------------------|--------------------------------|
| Maximum Pouch Seal Length | 350                            |
| Usable Chamber Height (H) | 300                            |
| Seal Bar Length(L)        | 330                            |
| No.of Fix Nozzles         | 4                              |
| Seal Width                | 6/8                            |
| Machine Dimension(LXWXH)  | 2020X800X1585                  |
| Machine Weight            | 250 Kg                         |
| Voltage                   | 230V-1PH/50Hz<br>440V-3PH/50Hz |
| Electric Supply           | 3 KW                           |
| Cycle Time                | 10-15 sec                      |
